

Grant Funded Programs

Bringing state and federal dollars to Athens County to improve our community public health status.

Dental Sealant Grant - \$92,000 from the Ohio Department of Health. The program allows us to provide dental exams, application of sealants to healthy teeth, and provide dental referrals in elementary schools in Athens, Meigs and Hocking County. Grades 2 & 6: 1168 Students examined, 4863 Teeth sealed, 357 referrals for additional dental care. Grades 3 & 7: 1002 Students examined, 2161 Teeth sealed, 232 Referrals for additional dental care.

Public Health Emergency Preparedness (PHEP) - \$114,000 from Ohio Department of Health & CDC. The PHEP program provided funding for advanced emergency and preparedness planning, training, equipment and regional coordination. Since 2002, PHEP grant funding enhances our capacity and accountability in emergency planning and response. We are better prepared to prevent disease and injury and maintain public health within the community.

The Creating Healthy Communities (CHC) grant - \$79,000 from Ohio Department of Health & CDC. Our goal is *"Making the healthy choice the easy choice"*. CHC programs increase access to healthy food and opportunities for physical activity, and eliminate tobacco use. Health Department staff work with many partners through the Athens County Creating Healthy Communities Coalition, a coordinated effort reaching back 15 years.

Tobacco Education Prevention Program (TEPPA) - \$9,000 from the Ohio Department of Health. The program promotes smoke-free housing policies, tobacco-free schools, and QuitLine use. We have worked to reduce tobacco use in Athens County for over 20 years running.

Preventing Obesity, Diabetes, Heart Disease and Stroke in Ohio Communities - A new program to be implemented in 2015 by your health department, funded by the CDC and Ohio Department of Health.
